Project Location: North Zone of Idaho Panhandle National Forests: Sandpoint, Bonnors Ferry and Priest Lake RD's	

BRIEF DESCRIPTION OF PROJECT:
<p>Is NEPA Complete On This Project? YES, each ranger district has an approved EIS covering the proposed areas of work.</p> <p style="text-align: center;"><u>North Zone</u></p> <p>Recreation Sites – Major focus will be treatment/re-treatment of identified and new infestations at popular recreation sites, i.e. trailheads, trails, dispersed campsites/parking areas, boatlaunches, visitor information center, airstrip, pack stock staging areas, and roads accessing the above areas throughout the zone. (approx. 350 acres) Request amount: \$ 20,000</p> <p>Treatment of New Invaders – Work cooperatively and in partnership with the Selkirk CWMA to treat noxious weeds that are currently considered new invaders to the North Zone. Primary focus will be on Diffuse knapweed, Dalmation toadflax, Rush skeletonweed and Scotchbroom, but will include other species if and when they are discovered. Work will include surveying, treatment and monitoring of treatment areas. Methods of treatment will likely include manual (hand-pulling), herbicide control and biological control. (approx. 90 acres) Request amount: \$ 5,000</p> <p>Herbicide Purchase – Due to budget shortfalls funding to purchase chemicals is limited. Once current on-hand supply is exhausted spray operations will cease. This will impact ability to treat system roads across the zone. Request amount: \$ 10,000</p>
